TECHNICAL RYDER

1. Paradise Management requests that no "home-made" video or audio recording of the speaker be permitted during the session(s) except by the host organization. This should be announced, by the host, prior to the session/performance.
2. In the event of press or media coverage, Paradise Management requests that interviews with the speaker be scheduled on the day of the event, prior to the session/performance.
3. When there is an elaborate or extensive set design, Paradise Management requests that the speaker or one of our associates be given a brief opportunity to do a "walk through", at least 2 hours prior to the event, to evaluate any sound, lighting, or blocking challenges that an elaborate stage design might present.
4. Paradise Management requests that copies of the audio or video taped session(s) be either given to the speaker upon the completion of the event or mailed to our offices as soon as possible.
